This applicant is an 'above average' student and has displayed academic excellence from his early years. Presently he is after completing his G.C.E.(A/L) studies with exceptionally good results and has qualified for university studies in Sri Lanka.

His interest in studies is genuine, critical and analytical and within the classroom he kept his teachers constantly alert and ready to answer the intelligent questions he put to them. The applicant is without a doubt, very suitable material for higher studies in any university in the world.

His schooling years saw the applicant participating and getting involved in a variety of extra-curricular activities, ranging from sports to mathematics and art.
