CHARACTER CERTIFICATE

T.R. Bomiriya was a student of Royal College from 1981 to 1988. After very successfully passing the G.C.E.(O/L) Examination he followed a course in Mathematics at the Advanced Level class. He sat the G.C.E.(A/L) Examination in August 1988 and obtained excellent results.

During his school career at Royal College he participated very actively in extra-curricular activities. He held membership of the Mathematical Society 1986/88, Science Association 1986/88, and the Films Society 1987/88 and took part in all their activities very enthusiastically.

He participated in sports too. He played Cricket, Basketball and Hockey. He played Cricket in the Under 17 team in 1985/86 and Basketball under 15 team in 1983 for his house at the interhouse tournaments. He was also a member of the College under 13 Hockey team in 1982 and participated in the C.S.H.A. tournament.

His leadership qualities and his deep sense of responsibility were recognized by the school authorities and he was appointed class captain in 1987/88 and he carried out his duties very efficiently and conscientiously.

Bomiriya is a shining example of an intelligent and a persevering student who has worked diligently to achieve his aims. He respected authority, was loyal to the school and very obedient to the teachers. Being a motivated student he was systematic and consistent in his work which enabled him to come off with flying colours at both G.C.E. (O/L) and (A/L) Examinations. He is far above the average student in intellectual capabilities and he is capable of a very high level of achievement in academic venture which captures his imagination.

It is with great pleasure that I testify to his excellent conduct and character.

I wish him all success.

E. M. L. AMIRTHA
